

Year Five and Six are going out of this world!!

Our Topic is Science based this term and so we will be carrying out lots of exciting experiments and investigations. We will be becoming real life

We will be blasting into space this term as this is our topic!! We will be learning about the planets and the solar system. We will be finding out about what it is like to be an astronaut and lots more...

In Design and Technology, we will be designing, making and evaluating our own space snacks!! We will be thinking carefully about how to

In Art, we will be finding out about the work of Peter Thorpe. We will use sketches to create our own compositions and then we will be creating our own pieces of work

In Computing, we will be describing different parts of the Internet, thinking about how to use a search engine to find appropriate information and check its reliability. We will then be choosing an appropriate tool to help us collect data and we will be completing work about databases. Then we will choose an appropriate tool to collect and record data and learn how to use Excel. We will be using the iPads and Laptops across the whole

In Science, we will also be learning all about plants and animals. We will be describing the differences in the life cycles of a mammal, an amphibian, an insect and a bird and the life process of reproduction in some plants and animals. We will also be thinking about

In Maths, we will be learning to read timetables using 24-hour clock notation and to calculate time intervals using calendars. We will be learning about angles and the position of shapes after a reflection or translation. We will be continuing to work on our mental recall of times table and division facts. We will also be completing problem solving

Summer Term 2018

In Music, we will be continuing our brass lessons with Mrs

In English, we will base our work on our chosen texts, including 'Cosmic' by Frank Cottrell Boyce. We will complete a range of drama, reading and writing activities, such as newspaper reports, play scripts and writing in role. We will also spend some

French this term will cover a range of topics, including sports, hobbies, weather and food & drink. We will be learning how to express our likes and dislikes and how to use French connectives in our sentences. We will also take

In R.E, we will be thinking about the key questions, 'What would Jesus do?' and 'What matters most to Humanists and Christians?' We will explore links between Gospel texts and the way that Christians

In PSHE, our units of work are Relationships and Changes. We will focus on how we feel about ourselves and how we interact with people around us. We will also think carefully about how to

In P.E and Games, we will develop and improve our skills of striking and fielding as well as working as part of a team whilst playing cricket
