<i>Communication</i> The school recognises the importance of communication to staff, visitors, pupils, parents, volunteers, contractors etc:  Health & Safety Policy is available on the school website. The Parent Handbook provides information on pupil security during the school day. The SBM briefs new employees on Health & Safety Policy as part of Induction Procedure. All employees are provided with a copy of the H&S Policy and required to sign to confirm its receipt. The SBM ensures Governors are informed through the Governors' Premises Committee.	Headteacher SBM Administrator	
<i>Consultation with Employees</i> The school recognises the importance of consulting with employees on health and safety matters. The SBM liaises with the cleaning and caretaking staff to draw attention to any H&S issues whilst the Headteacher briefs teaching staff at staff meetings. This information is then cascaded to teaching assistants.	Headteacher SBM	

Section 1 - RISK ASSESSMENT		
<p><i>Risk Assessment</i></p> <p>The school uses GCC risk assessment process and template as a standard for risk assessment and those of relevant professional bodies such as CLEAPPS/AfPE etc. Risk assessment is the responsibility of the schools Management Team at a variety of levels. Those responsible for premises or curriculum areas ensure that risk assessments are undertaken and recorded for significant activities. Risk assessments are reviewed periodically or where there is a change in circumstances.</p> <p>The following staff are responsible for completion of risk assessments within the following areas:</p>	<p>SLT: Headteacher Deputy Headteacher</p>	<p><i>Add any detailed local information e.g. named responsible person(s) for school site/D&amp;T/Drama/Art/Science/PE/etc)</i></p> <p><i>Science and DT Coordinator</i></p>

<p><i>School Trips/Offsite Visits</i></p> <p>The school complies with DfE Guidance and the GCC standards on offsite visits and school journeys. A separate school trips procedure has been produced based on GCC guidance.</p>	<p>Headteacher Educational Visits Coordinator</p>	<p><i>The school uses the SHE site. Headteacher signs hardcopy of visit and itinerary. Teachers are presented with consent form of the class when on a trip.</i></p>
<p><i>Working at Height</i></p> <p>The risks associated with working at height are identified through risk assessment using SHE/GN/5 <i>Working at Height</i>. Frequent documented checks take place to ensure the safe working condition of access equipment. Procedures are in place to ensure any damaged access equipment is clearly labelled and removed as soon as practicable. The school discuss and agree arrangements with staff. Where members of staff have medical conditions or other factors which may affect their ability to use access equipment, a separate risk assessment is in place. Staff also have a responsibility to ensure their own health and safety and assist in the operation of any systems designed to provide for their safety.</p> <p>The ladders are stored in the boiler room and are numbered to enable a ladder register to be maintained and checked by the caretaker on a regular basis. The caretaker has attended ladder training and staff are briefed on safe working with ladders when putting up displays. The caretaker is discouraged from using ladders whilst lone working.</p>	<p>Caretaker Teachers Teaching Assistants</p>	<p><i>Caretaker conducts training for staff as part of INSET annually.</i></p>
<p><i>Noise</i></p> <p>The school is aware of its responsibility for assessing the risks of noise and where noise is identified as a significant risk the school ensures appropriate control measures are put in place.</p> <p>Noise is not a particular issue. Music lessons are undertaken within the Music Room.</p>	<p>Peripatetic Music Teachers</p>	

<p><i>Violence to Staff</i></p> <p>The school are aware of their responsibility for assessing the risks of violence to staff and where violence is identified as a significant risk the school ensure appropriate control measures are put in place. Staff report any incident of aggression or violence (or near misses) directed to themselves through the reporting process. All reported incidents of violence are recorded on the SHE Enterprise system.</p> <p>The school office staff are protected to the extent that visitors and parents are unable to access the site unless admitted through the secure door. There is also a panic button located in the school office in the event of a serious incident occurring. There are usually two members of staff in the office at any one time enabling one person go seek assistance if required.</p> <p>Any incidents of violence to staff should be reported to the Headteacher or, in her absence, the Deputy Headteacher or SBM.</p>	<p>Headteacher Deputy Headteacher SBM</p>	
<p><i>Security Arrangements Including Dealing with Intruders</i></p> <p>Risks to security of the premises and property are assessed through the risk assessment process and appropriate control measures implemented.</p> <p>The security of the site is of paramount importance. All access gates are locked throughout the day unless access is required. Gate keys are held in a secure key cabinet, access to which is provided by the office staff.</p> <p>The main school gates are unlocked at the beginning and end of day to provide access to pupils and parents by the School Crossing Patrol person.</p> <p>All visitors must report to the school office as there is no other way of gaining access to the site during the school day. All visitors including parents, governors and contractors must sign in and out of the visitors' book and wear a visitor sticker whilst on site. Contractors are supervised by the SBM whilst on site and are required to</p>	<p>Headteacher Deputy Headteacher SBM Administrator Administrative Assistant School Crossing Patrol</p>	

complete the log book. In the event of an emergency, the Headteacher would be the first point of contact followed by the SBM and Deputy Headteacher. The office staff would be responsible for contacting the emergency services if necessary.		
<i>Personal Security/Lone Working</i> The school ensures that lone working is risk assessed and that appropriate control measures are put in place to mitigate those risks. Staff assist in the operation of any systems designed to provide for their safety. Whilst the caretaker works alone on site during the school holidays, he is required to contact another member of staff to notify them of his arrival and departure from the school site to enable the monitoring of staff whereabouts. The current incumbent is unable to use a mobile phone which would be the ideal solution.	Headteacher Deputy Headteacher SBM Caretaker	
<i>Hazardous Substances (Control of Substances Hazardous to Health CoSHH)</i> Where hazardous substances are used risk assessments are undertaken and a hierarchy of control measures adopted which seeks to eliminate or substitute the substance concerned. CoSHH data sheets are retained in the cleaners' cupboard for all chemicals used. Cleaners receive CoSHH training.	Headteacher Deputy Headteacher SBM Cleaners Caretaker	

<p><i>Personal Protective Equipment (PPE)</i>  Employees/Managers assess on the basis of risk assessment and CoSHH assessments where the need for PPE is identified as a control measure. Where it is assessed that PPE is required PPE is appropriately selected and provided. A record is held which includes details of any expiry dates to ensure equipment is replaced as and when necessary. Staff are responsible for ensuring that they use PPE where it is provided.  The School Crossing Patrol wears fluorescent uniform whilst on duty which is supplied via the Road Safety Unit.</p>	<p>Headteacher  Deputy Headteacher  Caretaker  School Crossing Patrol</p>	
<p><i>School Transport</i>  The school uses the SHE guidance on occupational driving as a basis to ensure safe transportation of pupils for activities such as offsite visits and sports fixtures. Risks associated with driving are evaluated within assessments for activities.  The school would normally hire coaches or mini-buses to transport pupils although a local minibus can be borrowed and driven by those staff who are MIDAS trained. Staff driving on school business are required to provide evidence of their driving licences to the School Administrator ensure adequate cover. Parents do not drive on behalf of the school unless they enter into a private arrangement with other parents which falls outside the scope of this policy.</p>	<p>Headteacher  Administrator</p>	
<p><i>Manual Handling (typical loads and handling pupils)</i>  The school refers to the SHE/GN/30 <i>Manual Handling</i> and risks of manual handling are communicated within general risk assessment.  Any activities that involve significant manual handling tasks are risk assessed and where appropriate training provided for staff. The Headteacher is responsible for assessing the appropriate approach to handling tasks</p>	<p>Headteacher  Deputy Headteacher  SBM  Caretaker</p>	<p><i>Handling of disruptive pupils will also require a personal plan relevant to that pupil which is signed by pupil, parent and school</i></p>

and may seek professional advice from SHE and Occupational Health as necessary.  
Manual Handling training is provided to all teaching and teaching support staff.  
The Caretaker is responsible for moving heavy loads around the site, within his capability, by using the trolley provided.

<p><i>Curriculum Safety (including extended schools activity/study support)</i></p> <p>Heads of Departments ensure that risks related to curriculum areas are identified and controlled where necessary referring to material such as CLEAPSS, AfPE, DATA and SHE guidance etc. For any activity falling outside published a risk assessment is carried out. An inventory of all equipment is kept by the departmental head and all tools/equipment/machinery are checked, maintained and stored correctly.</p>	Headteacher	<p><i>Lessons that contain risk due to task are risk assessed prior to being carried out by class teacher.</i></p> <p><i>DT risk assessment is conducted by subject lead. Whole School</i></p> <p><i>Science risk is conducted by subject lead. Whole School</i></p>
<p><i>Work Experience Placements</i></p> <p>The school undertakes workplace re-assurance checks in the absence of a provider and Work Experience Coordinators follow the working practices outlined in GCC SHE Work Experience Information Sheet 10 <i>Employers Questionnaire and Risk Guidance</i>. The school also takes into account the safeguarding of its pupils whilst commencing a work placement.</p>	<p>Headteacher</p> <p>Work placement coordinator</p>	<p><i>Coordinator will liase with necessary institutions to ensure that paperwork and correct checks are complete.</i></p> <p><i>Headteacher will meet to carry out safer recruitment checks.</i></p> <p><i>Karen Dursley will provide induction to student including health and safety</i></p>
<p><i>Display Screen Equipment</i></p> <p>The majority of staff within the school are not considered to be DSE users. The school refers to SHE/Pro/5 – <i>Working with Display Screen Equipment</i>. Headteachers/Heads of Department ensure that DSE workplace assessments are conducted for all users. DSE assessments are reviewed annually and where equipment changes or office layouts change or when there are staff changes.</p> <p>The SBM is responsible for ensuring that the office staff are aware of DSE assessments and encouraged to undertake the DSE online assessment test. Staff are also provided with a DSE booklet.</p>	SBM	

<p><i>Parent Teacher Association</i></p> <p>The school offer support to the Parent Teacher Association (PTA) and provide a forum through which parents can become more involved in the education of their children. Risk assessments are carried out for PTA run events and adequate insurance is in place which are retained by PTA. The school has provided permission to the PTA to use the school facilities for their events.</p>	<p>PTA Chairperson nominated school representative on PTA Headteacher</p>	
<p><i>Playground Supervision/Play Equipment and Maintenance</i></p> <p>Risks are assessed using the SHE Information Sheet 14 <i>Playground Supervision</i>. A risk assessment of the potential hazards in the playground and their likelihood to cause harm has been undertaken. The following risk assessments are in place:</p> <p>Playground Supervision (including lunchtime cover requirements)</p> <p>Sports Field</p> <p>Adventure Playground</p> <p>Soft Play Areas</p> <p>There are two separate playgrounds: one for KS1 and the other for KS2 pupils. Lunchtime and playtime is the same for the whole school. Rotas are produced by the lead Midday Supervisor for use of the playground equipment and football pitch.</p> <p>Staff Pupil ratios are:</p> <p>1 supervisor per 30 KS1 pupils ie a minimum of 2 on KS1 playground</p> <p>1 supervisor per 60 KS2 pupils ie a minimum of 2 on KS2 playground</p> <p>However, with 7 supervisors, there are more staff available to supervise at lunchtime particularly once hall has been cleared.</p> <p>The same ratios apply to playtimes.</p> <p>A member of the Senior Management Team (SMT)</p>	<p>Headteacher Deputy Headteacher Lead Lunchtime Supervisor Lunchtime Supervisors</p>	<p><i>Equipment:</i></p> <p><i>Trim trail</i></p> <p><i>Adventure playground</i></p> <p><i>Gardens</i></p> <p><i>Climbing wall</i></p> <p><i>Tyres,</i></p> <p><i>Willow shelter</i></p> <p><i>Talking posts</i></p> <p><i>Conservation area.</i></p> <p><i>There is a Lead member of staff to ensure all lunchtime staff are aware of whole school behavior approaches and protocol. <b>Section 2 – PREMISES</b>		
<p><i>Mechanical and Electrical (fixed and portable)</i> The school takes appropriate measures to make sure that all electrical equipment is safe and suitable for the purpose intended. All relevant persons are made aware of the associated hazards and of the requirements to adopt working procedures designed to keep the risks to their health, and to the health of any other person, as low as reasonably achievable.</p> <p>Persons carrying out the testing and/or repair of electrical equipment, or carrying out experimental work on electrical equipment or its associated connections have the appropriate technical knowledge, training and information to enable them to work safely. Results of electrical safety tests (PAT testing and fixed wiring inspections) are recorded and held in the school office. PAT testing is undertaken by Caretaker on a rolling programme.</p> <p>Reference is made to AMPS <i>Technical Briefing Note EM005 Portable Appliance Testing</i>) and fixed electrical checks are carried out in accordance with AMPS Technical Guidance Note EM006 Fixed Wiring Periodic Test and Inspection. The Caretaker is fully trained in Portable Appliance Testing. Fixed wiring inspection undertaken between April &amp; June 2012 by Mr D Young – GCC approved contractor. All remedial works undertaken.</p>	<p>Headteacher SBM Caretaker</p>	
<p><i>Maintenance of Machinery and Equipment</i> The school inspects and maintains its equipment on a regular basis; however the frequency of these inspections is much dependant on the use and type of equipment.</p>		

<p>Guidance issued by Asset Management &amp; Property Services (AMPS) on servicing, testing and inspection is followed and records are kept.</p> <p>Hoist equipment – HCL – 4.6.13 - annual</p> <p>Emergency Lighting – Stroud Alarms 8.2.13 – six monthly</p> <p>Fire Extinguishers – Stroud Alarms - 7.12 - annual</p> <p>Intruder Alarms – Stroud Alarms - 7.12 – six monthly</p> <p>Lightening Protection – Omega - 23.4.13 – annual</p> <p>Car Park Barrier – Severnside - 6.13 - annual</p> <p>Exterior doors – Alfram – annual – 7.12</p> <p>Boiler – J S Clancy - 25.1.13 – annual</p> <p>Air Handling Unit – J S Clancy – 25.1.13 - annual</p>		
---	--	--

<p><b>Asbestos</b> To minimise risk from asbestos containing materials on the school site, the school maintains a safe and healthy environment by:</p> <ul style="list-style-type: none"> <li>• complying with all regulations and GCC practices concerning the control of asbestos;</li> <li>• removing asbestos containing materials where the risk to building users is unacceptable;</li> <li>• having a named officer who has responsibility for implementing the Asbestos Management Plan in compliance with <i>The Management of Asbestos in County Council Occupied Premises Guidance</i>.</li> <li>• where necessary communicating to all staff and visitors where asbestos containing materials are located within the school site.</li> <li>• The asbestos survey is retained in the Headteacher's office and is provided to all contractors on arrival on site by the SBM.</li> </ul>	Headteacher SBM	
<p><b>Service Contractors</b> Service contractors have regular access to site as specified by a contract. The service contract specifies what work is expected of them and what they can expect from the school. Contractors follow their own safe systems of work and their working methods take into account how they will impact upon staff, students and other visitors on site. The school provide details of its safe systems of work to the contractors where relevant and all contractors are consulted over emergency arrangements. A copy of this policy is provided to them. All contractors should report to the SBM (or Administrator in absence of SBM or Caretaker for works undertaken during school holidays.) Contractors should complete the log book retained in the school office to record details of their visit and the work</p>	SBM Administrator Caretaker	

undertaken. Caterlink are responsible for the servicing of all kitchen appliances in the school kitchen. See above for specific details of contractors and equipment.		
---	--	--

<p><i>Building Contractors</i></p> <p>This involves work where part of the site is handed over to the contractor. Hazards associated with this activity are controlled by effective supervision of students and contractors whilst on the school site.</p> <p>Wherever possible, the SBM arranges for contractors to undertake work during the school holidays to minimise risk to the students and facilitate easier access arrangements for contractors.</p> <p>The Caretaker is responsible for contractors whilst they are on site during the school holidays.</p>	SBM Caretaker	
<p><i>Small Scale Building Works</i></p> <p>This includes day-to-day maintenance work and all work undertaken on site where a pre-work site meeting has not taken place.</p> <p>All contractors have to report to the school office as there is no other access route into school. Contractors are required to produce ID, sign in and out of school and are provided with visitor badge, H&amp;S information, Fire exits and procedures, information about school site and accompanied by SBM who monitors contractors whilst on site. Where necessary, the working area would be cordoned off from pupils. The Administrator would be responsible for contractors in absence of SBM or Caretaker during school holidays. Contractors are required to complete the school log book and acknowledge site of asbestos register. The biggest problem on site remains access. One panel in the railings can be removed to enable vehicular access but only once all pupils are in class and only as a last resort during term time. SBM would brief contractors on work required and specific arrangements relating to the work to be undertaken, equipment and services available. The SBM would provide contact details if required and agree timescales for completion of work and be responsible for</p>	SBM Administrator Caretaker	

approvals prior to the commencement of work.		
<p><i>Lettings (shared working – playgroups etc)</i></p> <p>The school follows Asset Management &amp; Property Services (AMPS) guidance and casual hiring agreement form. The school ensures that the hirer/tenant has public liability insurance in place in order to indemnify the school from all such hirers'/tenants' claims arising from negligence.
