

Maths

In Maths this term, we will be revisiting place value, addition and subtraction. We will be expanding our skills to work with larger numbers and make sure that our formal written methods are secure. We will also be exploring multiplication and division, particularly focusing on our mental recall of times table facts! We will be improving our mental maths skills and developing our problem solving skills, linking mathematics to real life situations. We will also be securing our understanding of time, as well as interpreting graphs and timetables. In addition, we will be taking part in exciting daily maths sessions, which will allow us to practise and consolidate our developing skills across all areas of mathematics.

Art/

Design Technology

In Art we will be focusing on drawing- creating our own landscapes, buildings and portraits linked to the Monarchy. Our DT project will be focussing on stiff and flexible materials as we create our very own castles!

English

This term our English work will be based on our topic 'Queens, Kings, Castles and Things!', which is all about the British Monarchy since Tudor times! We will be focusing on non-chronological reports and combining this with our historical research. We will be reading, writing and performing playscripts set in the court of King Henry VIII and creating lots of descriptive writing and poetry based on our topic work about life under Queen Victoria's reign! As well as this we will become journalists and report on an event linked to the Windsors.

Music

In Music, we will be exploring lyrics and melodies that represent different cultures around the world and we will also be performing pieces of music linked to our community.

Queen, Kings, Castles and Things...

In PE, we will improving our

Gymnastic and Dance skills. We will be investigating different ways to travel, move and balance, using floor and apparatus. In games, we will be improving our skills whilst playing hockey and football.

History

Our topic 'Queens, Kings, Castles and Things!' is all about the British Monarchy since Henry VII! We will be investigating the Battle of Bosworth and its historical context. We will be researching Monarchs between Tudor times and the present day and then focusing on the reign of the Tudors and Queen Victoria. After half term, our focus will be The Windsors- how they led Britain through both World Wars and the way they are perceived today.

Computing

We will be using the laptops and LearnPads to carry out research on the Internet, finding out exciting information about the British Monarchy. We will be further improving our word processing skills to produce our work across the curriculum. We will also using Multimedia programs to make presentations for each other.

We will also be learning...

Science: In our science work we will be learning about the properties of and changes to materials. We will be comparing materials and learning about how some materials dissolve, separate and evaporate. We will be conducting a range of investigations and learning about fair tests. We will also be drawing conclusions from our findings.

RE: We will be thinking about the question 'What does it mean to be a Muslim in Britain today?' We will also be meeting our new 'friend', Amelia, who is Jewish.

PSHE: In our topic 'New Beginnings', children will have the opportunity to consider how it feels to do or start something new. We will also be learning about British Values and Citizenship as well exploring relationships with family and friends.

French: In French we will be revising a variety of topics including numbers, colours and body parts. We will also be learning some grammar and a range of new vocabulary.
